

PICK UP PROCEDURES

Afternoon pick-up requires parent/guardians to park in the east or west parking lot and approach crosswalk #2. The classroom teacher will drop all the bus riders off prior to arriving to the pick-up zone. The classroom teacher will release student after making a visual with the parent. If the teacher doesn't recognize the person picking the student up, he/she will take the student to the office. Due to safety concerns, please do not park in the front row of the parking lot. Please call the office with any additional questions.
